

## ***SUWANNEE VALLEY FEEDS, LLC***

Position: Forage Harvest Intern  
Location: Trenton, FL  
Duration: June through harvest completion or by August

### **Job Description**

Forage areas of focus: inoculant management, harvest quality, and product offerings

- Manage forage inoculate inventories while monitoring in-field inoculant application practices.
- Work with farm management & outside technical services to assess key harvest quality benchmarks.
- Develop foundational knowledge of forage production practices and product offerings (silage coverings, inoculants, bags, etc.)

### **PRINCIPAL DUTIES OF POSITION**

Assist farm with monitoring harvest progress and production metrics.

- Responsible for forage inoculate application during harvest.
  - provide training on product storage, mixing procedures, application rates, and in-field inventory management
  - daily reconciliation of inoculant usage to harvested tons
  - work with field technicians to provide ongoing operational feedback for improvements
- Collect and analyze corn silage samples from the bunk and the field.
  - assess kernel processing score (KPS) using mobile lab
  - evaluate chopper processing characteristics (chop length, dry matters, etc.)
  - communicate sample results across organization and coordinate in-field adjustments to choppers
- Assist with compilation of harvest results and analyses tracking across google workspace applications for real time dissemination.
- Organize observations into a formal presentation assessing collected data.

### **AS AN INTERN YOU WILL**

- Approximately half of the internship will be working in the field with farm & custom harvester personnel.

## ***SUWANNEE VALLEY FEEDS, LLC***

- Requires strong communication skills and the ability to coordinate with farm management and custom harvesters exercising influence to achieve harvest production goals.
- During harvest, work weeks will be 70+ hours and require weekend availability.
- May require independent travel in Florida and Georgia.

### **REQUIREMENTS:**

- Pursuing a 2 or 4-year post-secondary education or 3 years of industry experience
- Knowledge of and experience in Microsoft Office & Google Workspace
- Effective multitasking skills and ability to prioritize tasks effectively
- Regular prompt attendance, schedule flexibility, self-motivation, and a willingness to learn
- Spanish skills preferred; must have a plan to be able to communicate with Hispanic co-workers
- Must be proactive and able to work independently
- Vehicle to drive to SVFeeds and other farm locations in FL
